Dear Mr. Stimple:

Ohio EPA requests USEPA's assistance in conducting a removal action for containers of abandoned hazardous wastes found at the 601 Properties located in Dayton, Ohio. Due to the lack of security and risk to public exposure, Ohio EPA agreed to conduct an emergency action involving the packaging and transport of the wastes to the Green Industries location for storage pending disposal via an USEPA time-critical removal action. At this time, Ohio EPA requests the USEPA to complete waste evaluation and proper disposal per Ohio and federal hazardous waste laws and regulations.

If you have any questions or need additional information, please feel free to call me at 614/644-2083.

Sincerely,

Kevin C Clouse, Manager  
Emergency Response & Special Investigations
